31	SECTION 6, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE
32	JANUARY 1, 2002 (RETROACTIVE)]: Sec. 1.1. As used in this
33	chapter:
34	(a) "School corporation" means any local public school corporation
35	established under Indiana law. For purposes of subsection (d), the
36	term includes a charter school established under IC 20-5.5.
37	(b) "School year" means a year beginning July 1 and ending the next
38	succeeding June 30.
39	(c) "State distribution" due a school corporation means the amount
40	of state funds to be distributed to a school corporation in any calendar
41	year under this chapter.
42	(d) "Average daily membership" or "ADM" of a school corporation

means the number of eligible pupils enrolled in the school corporation
or in a transferee corporation on a day to be fixed annually by the
Indiana state board of education. Such day shall fall within the first
thirty (30) days of the school term. If, however, extreme patterns of
student in-migration, illness, natural disaster, or other unusual
conditions in a particular school corporation's enrollment on the
particular day thus fixed, cause the enrollment to be unrepresentative
of the school corporation's enrollment throughout a school year, the
Indiana state board of education may designate another day for
determining the school corporation's enrollment. The Indiana state
board of education shall monitor changes that occur after the fall count,
in the number of students enrolled in programs for children with
disabilities and shall, before December 2 of that same year, make an
adjusted count of students enrolled in programs for children with
disabilities. The superintendent of public instruction shall certify the
adjusted count to the budget committee before February 5 of the
following year. In determining the ADM, each kindergarten pupil shall
be counted as one-half (1/2) pupil. Where a school corporation
commences kindergarten in a school year, the ADM of the current and
prior calendar years shall be adjusted to reflect the enrollment of the
kindergarten pupils. In determining the ADM, each pupil enrolled in
a public school and a nonpublic school is to be counted on a full-time
equivalency basis as provided in section 1.2 of this chapter. "Current
ADM" of a school corporation, used in computing its state distribution
in a calendar year means the ADM of the school year ending in the
calendar year. "ADM of the previous year" or "ADM of the prior year"
of a school corporation used in computing its state distribution in a
calendar year means the ADM of the school corporation for the school
year ending in the preceding calendar year.

- (e) "Additional count" of a school corporation, or comparable language, means the aggregate of the additional counts of the school corporation for certain pupils as set out in section 3 of this chapter (repealed) and as determined at the times for calculating ADM. "Current additional count" means the additional count of the school corporation for the school year ending in the calendar year. "Prior year additional count" of a school corporation used in computing its state distribution in a calendar year means the additional count of the school corporation for the school year ending in the preceding calendar year.
- (f) "Adjusted assessed valuation" of any school corporation used in computing state distribution for a calendar year means the assessed valuation in the school corporation, adjusted as provided in IC 6-1.1-34. The amount of the valuation shall also be adjusted

	23
1	downward by the department of local government finance to the extent
2	it consists of real or personal property owned by a railroad or other
3	corporation under the jurisdiction of a federal court under the federal
4	bankruptcy laws (11 U.S.C. 101 et seq.) if as a result of the corporation
5	being involved in a bankruptcy proceeding the corporation is
6	delinquent in payment of its Indiana real and personal property taxes
7	for the year to which the valuation applies. If the railroad or other
8	corporation in some subsequent calendar year makes payment of the
9	delinquent taxes, then the state superintendent of public instruction
10	shall prescribe adjustments in the distributions of state funds pursuant
11	to this chapter as are thereafter to become due to a school corporation
12	affected by the delinquency as will ensure that the school corporation
13	will not have been unjustly enriched under the provisions of
14	P.L.382-1987(ss). The amount of the valuation shall also be adjusted
15	downward by the department of local government finance to the extent
16	it consists of real or personal property described in IC 6-1.1-17-0.5(b).
17	(g) "General fund" means a school corporation fund established
18	under IC 21-2-11-2.
19	(h)"Teacher" means every person who is required as a condition of
20	employment by a school corporation to hold a teacher's license issued
21	or recognized by the state, except substitutes and any person paid
22	entirely from federal funds.
23	(i) "Teacher ratio" of a school corporation used in computing state
24	distribution in any calendar year means the ratio assigned to the school
25	corporation pursuant to section 2 of this chapter.
26 27	(j) "Eligible pupil" means a pupil enrolled in a school corporation if:
28 29	(1) the school corporation has the responsibility to educate the pupil in its public schools without the payment of tuition;
30	(2) subject to subdivision (5), the school corporation has the
31	responsibility to pay transfer tuition under IC 20-8.1-6.1, because

13	a charter school.
14	(k) "General fund budget" of a school corporation means the amount
15	of the budget approved for a given year by the department of local
16	government finance and used by the department of local government
17	finance in certifying a school corporation's general fund tax levy and
18	tax rate for the school corporation's general fund as provided for in
19	IC 21-2-11.
20	(l) "At risk index" means the following:
21	(1) For a school corporation, the sum of:
22	(1) (A) the product of sixteen-hundredths (0.16) multiplied by
23	the percentage of families in the school corporation with
24	children who are less than eighteen (18) years of age and who
25	have a family income below the federal income poverty level

31	by the percentage of the population in the school corporation
32	who are at least twenty (20) years of age with less than a
33	twelfth grade education.
34	The data to be used in making the calculations under this
35	subsection subdivision must be the data from the 1990 federal
36	decennial census.
37	(2) For a charter school, the lesser of:
38	(A) the statewide average of the indices determined under
39	subdivision (1); or
40	(B) the index determined under subdivision (1) for the
41	school corporation in which the charter school is located.
42	(m) "ADM of the previous year" or "ADM of the prior year"

1	used in computing a state distribution in a calendar year means:
2	(1) For a:
3	(A) school corporation; or
4	(B) charter school beginning in the second calendar year
5	after the calendar year in which the charter school begins
6	its initial operation;

1	subsection (a).
2	(B) Multiply the clause (A) result by the school corporation's
3	adjusted ADM for the current year.
4	STEP TWO: Divide the school corporation's previous year
5	revenue by the school corporation's adjusted ADM for the
6	previous year.
7	STEP THREE: Multiply the subsection (a) STEP FIVE result
8	index determined for the school corporation under subsection
9	(a) by the following:
